unlocking potential

"Pass It On"

We hope that later in your life, when you have the ability to do so, that you will remember the assistance you received and that you will "Pass It On."

You can "Pass It On" in the form of financial assistance to another deserving young individual. Or you can nurture a person starting out or become involved in an organization that does that. Spending your time and energy to help someone to achieve their goals can be just as life changing as providing financial assistance to them.

We hope that you will make a moral commitment to "Pass It On." No one will remind you of this commitment, but we hope that at some time in the future when you are settled and successful, you will remember it and "Pass It On!"
